Benefits & Insurances

Significant Features:

The Recommended Budget for Fiscal Year 2009-2010 is \$62,792,159. Benefits and Insurances is a consolidated department for FY 2009-2010 that combines municipal pension, employee benefits and property and casualty insurance expenditures. The department was established for the purpose of concisely presenting all employee benefits and insurance payments within one department. The Pension Expenses program represents contributions to the Municipal Employee Pension Fund (MERF) which is a defined pension plan for City of Hartford employees and which provides retirement, disability and survivorship benefits for all retired employees in accordance with provisions subject to bargaining with unions representing most of the employees. The Pension Expenses program also represents payments made to current employees who retire and have "cashed out" their vacation, sick and/or other benefits. The Health Benefits program includes funding for comprehensive health and group life insurance, worker's compensation, unemployment compensation, Other Post Employment Benefit (OPEB) liabilities and social security for municipal employees. The Insurance Expense program reflects premium costs and projected claims necessary to cover all municipal and Library operations, as well as the Hartford Parking Authority against fire, auto liability, fidelity bonds and general liability, among other coverages.

Program: Pension Expense

Program Goal: The goal of the Pension Expense Program is to provide details regarding retirement, disability, and survivorship benefits for retired municipal employees, in accordance with provisions subject to bargaining with unions representing most of the employees. Employee contributions are compulsory for all plans. An actuarial valuation survey is made annually on the City Municipal Employees' Retirement Fund (MERF), and at least every five years for the Police Benefit Fund, the Firemen's Relief Fund, Retirement Allowance Fund, and the cost sharing State of Connecticut Plan (MERF-B). Pension funds also include funding for the excess benefit plan permitted under Internal Revenue Code Section 415. The Pension Expense program also tracks payments made to current employees who retire and have "cashed out" their vacation, sick and/or other benefits.

Program Services:

Name	Goal	Amount	Legal Mandate
Pension Expense	Provides retirement, disability and survivorship benefits for retired municipal employees in accordance with provisions subject to bargaining with unions representing most of the employees.	9,792,982	√
Cash-out Payments	Tracks payments made to current employees who retire and have "cashed out" their vacation, sick and/or other benefits.	2,000,000	√

Program: Health Benefits

Program Goal: The goal of the Health Benefits Program is to include funding for comprehensive health and group life insurance, workers' compensation, unemployment compensation and social security for employees of the City of Hartford, the Hartford Public School System and the Hartford Public Library. The City has established a self-insurance fund that more accurately reports on and accounts for the total costs associated with active and pensioned employees', which includes Municipal, Hartford Public School System, Hartford Public Library and the Hartford Parking Authority.

Program Services:

Name	Goal	Amount	Legal Mandate
Employee Life and Health Insurances	Provides life, hospital and major medical insurance for all municipal employees pursuant to various union agreements, Court of Common Council resolutions and State statutes.	33,707,607	√
Workers' Compensation	Complies with State and Federal regulations in collecting and remitting required withholding for all its employees.	5,288,429	√
Social Security	Complies with State and Federal regulations in collecting and remitting required withholding for all its employees.	4,503,141	√
Unemployment Compensation	Complies with State and Federal regulations in collecting and remitting required withholding for all its employees.	500,000	√
Internal Service Fund	Contributes toward uninsured risks of loss for health benefits, workers' compensation and property casualty from prior years.	250,000	√
OPEB Benefits	Complies with generally accepted accounting principles to establish and maintain appropriate reserves to ensure future availability of post employment benefits.	250,000	√

Program: Insurance Expense

Program Goal: The goal of the Insurance Premiums Program is to reflect premium costs and projected claims necessary to cover municipal and Library operations, as well as the Hartford Parking Authority against fire, auto liability, fidelity bonds and general liability, among other coverages.

Program Services:

Name	Goal	Amount	Legal Mandate
Premiums	Reflect premium expense for various Insurance coverages required by the City of Hartford.	4,500,000	√
Claims	Reflect claims expense related to accidents and other claims against Insurance protection provided by the City of Hartford.	1,800,000	√

Debt Service

Significant Features:

The Recommended Budget for Fiscal Year 2009-2010 is \$33,147,000. This reflects a decrease of \$3,353,000 or 9.2% under the 2008-2009 Adopted Budget. This is primarily due to not bonding in FY 07-08 and several projects beginning to mature and fall off of the bond program.

Debt Service is the cost of principal and interest payments on bond maturities and other obligations for the construction and renovation of schools, libraries, streets, other public works projects and public facilities, and vehicles.

Hartford Parking Authority

The recommended Hartford Parking Authority (HPA) budget for Fiscal Year 2009-2010 has been prepared in accordance with City of Hartford guidelines and the Authority's own budget and fiscal policies. The Authority's Board of Commissioners and its Executive Director believe that budgeted expenditures are necessary to safeguard the City's investment in off-street parking facilities and to properly operate and maintain the on-street parking system.

The Hartford Parking Authority was created in December 1998 by the Hartford Court of Common Council pursuant to Chapter 100 of the Connecticut General Statutes. The purpose of the Authority is "to create, establish, finance, maintain, and operate the City-owned parking facilities and to manage and operate other regulated parking facilities..."

A brief discussion of the major changes in the past year for each of the Authority's facilities follows.

Morgan Street Garage

The Authority has seen a sustained decrease in the number of United Health Group parkers at the Morgan Street Garage over the past four years. From a high of 1,222 parkers in February 2006, United Health Group presently has 863 parkers (as of April 1, 2009), a decrease of 359 parkers or twenty-nine percent (29%). Revenue from this customer has decreased from its high of \$124K in February 2006 to its present \$84K (\$473K annualized).

Church Street Garage

In October 2008 the Church Street Garage lost its primary tenant MetLife and their more than 800 monthly parkers. Monthly revenue from this tenant was more than \$110K at its peak (\$1.32 million annualized).

Offsetting the loss in part is Prudential Financial. This customer, who selected the Authority for its primary parking vendor in 2007 after a competitive solicitation, has 300 parkers in the Church Street Garage (in addition to 355 parkers at the MAT Garage). Monthly revenue from Prudential is \$30K (\$360K annualized).

The net impact of losing MetLife and gaining Prudential Financial is a decrease in monthly revenue of \$80K, or \$967K annually.

MAT Garage

Although CIGNA terminated parking at the MAT Garage at the end of 2007 upon the expiration of their lease at 280 Trumbull there was no financial impact on the Authority once the agreement with Prudential (as successor to CIGNA's business in Hartford) was reached. Prudential accepted the same financial terms as CIGNA for rights to 355 parking spaces in the garage. The value of Prudential's agreement at the MAT Garage is \$45K per month or \$537K annually.

With the recent improvements to 20 Church Street and this office building's rise in tenancy, parking demand at the garage has risen as well. Together with the demand generated by 280 Trumbull the garage is near capacity.

On-Street Parking

At this point in time the new multi-space Pay-and-Display parking meters have been installed throughout most of the downtown business district as well as other selected areas of the City, and most of the old single-space parking meters have been taken out of service. The response to the new meters by the public has been favorable. Meter revenue has risen steadily since the complement of meters was placed in service in early 2009.

Key Objectives for Fiscal Year 2009-2010:

- Solicit new customers at the Morgan Street Garage and Church Street Garage.
- Construct a new parking structure in the highest parking demand area of the central business district.
