## Introduction

Since 1937, the Tax Foundation has published reliable information on government finances at the federal, state and local levels. In that tradition, we mail this handbook, Facts \& Figures: How Does Your State Compare? to every state legislator and governor.

As the states begin their legislative sessions, most legislators face deficits for the current year after numerous revenue estimates have proven to be overoptimistic. Struggling to choose among reprioritized services and different types of tax increases, state legislators should lean toward spending cuts as the most fiscally prudent course. Why? Because the upcoming fiscal year doesn't look rosy either. In fact, a survey from the National Governors Association says that the fiscal 2011 year will be "the most difficult to date."

Fiscal 2011 may even be a repeat of 2002 , the last time states actually spent a lower amount than they had the year before, although infusions of federal money may prevent that. When legislatures do raise taxes, we urge them to consider base-broadening first. The mantra of sound tax policy is "broad base, low rate" because raising revenue causes less economic damage if the new revenue comes from individuals or companies who have been escaping taxation due to holes in the tax base.

We hope this booklet will help inform those fiscal choices. It is designed to give taxpayers and their lawmakers a simple, pocket- and purse-sized guide to how their states rank on tax rates, collections, burdens, spending and many more. The tables were compiled by analyst Justin Higginbottom, and you can find them at www.TaxFoundation.org. We hope these facts contribute to a healthy public debate.

Scott A. Hodge
President

|  | 7\% > | > \$34,000 |  |  |  |
|  | 8.25\% | > \$82,400 |  |  |  |
|  | 8.9\% | >\$171,850 |  |  |  |
|  | 8.95\% | >\$373,650 |  |  |  |

(a) Applies to single taxpayers and married people filing separately. Some states increase bracket widths for joint filers. See note (b).
(b) Some states effectively double bracket widths for married couples filing jointly (AL, AZ, CT, HI, ID, KS, LA, ME, NE, OR). NY doubles all except the top two brackets; the $\$ 200 \mathrm{~K}$ bracket is increased to $\$ 300 \mathrm{~K}$. CA doubles all bracket widths except the $\$ 1,000,000$ bracket. Some states increase, but don't double, all or some bracket widths for joint filers (GA, MN, NM, NC, ND, OK, RI, VT, WI). MD decreases some of its bracket widths and increases others. NJ adds a $2.45 \%$ rate and doubles some bracket widths.
(c) Applies to interest and dividend income only.
(d) Rates apply to regular tax table. A special tax table is available for low income taxpayers which reduces their tax payments.
(e) Bracket levels adjusted for inflation each year. Release dates for tax bracket inflation adjustments vary by state and may fall after the end of the applicable tax year. California, lowa, and Wisconsin brackets apply to tax year 2009. All other brackets listed are for tax year 2010.
(f) These states allow some or all of federal income tax paid to be deducted from state taxable income.
(g) Residents may choose between this rate schedule or a flat tax with no exemptions or deductions, levied at a rate of $6 \%$ in 2010 and $5.5 \%$ in 2011 and beyond.
(h) Local rates are excluded; 14 states have county or city level income taxes. In each of these states the average rate for counties and large municipalities, weighted by total personal income within each jurisdiction, is: $0.19 \%$ in Ala.; $0.06 \%$ in Ark.; $0.16 \%$ in Del.; $1.16 \%$ in Ind.; $0.3 \%$ in lowa.; $0.76 \%$ in Ky.; 2.98\% in Md.; $0.44 \%$ in Mich.; $0.12 \%$ in Mo.; $0.09 \%$ in N.J.; $1.7 \%$ in N.Y.; $1.82 \%$ in Ohio; $0.36 \%$ in Ore.; and $1.25 \%$ in Pa (weighted local rates are from Tax Foundation Background Paper, No. 58, "2009 State Business Tax Climate Index").
(j) New York added two income tax brackets (7.85\% and 8.97\%), retroactive to January 1, 2009. The new rates will be in effect for 3 years.
(k) North Carolina added a tax surcharge of $2 \%$ on those with incomes over $\$ 60,000$ and $3 \%$ on those with incomes over $\$ 150,000$, retroactive to January 1, 2009 and expiring December 31, 2010.
(I) California added $0.25 \%$ to each income tax bracket, retroactive to January 1, 2009 and expiring December 31, 2010.
(m) Connecticut added a new top bracket of $6.5 \%$ on income over $\$ 500,000$, retroactive to January 1, 2009.
(n) Oregon approved the addition of two new brackets retroactive to January 1, 2009 and expiring December 31, 2011: 10.8\% on income over $\$ 125,000$ and $11 \%$ on income over $\$ 250,000$. After 2011, the $10.8 \%$ rate will drop to $9.9 \%$ and the top bracket will be eliminated.
(o) Vermont reduced income taxes slightly across the board, retroactively to January 1, 2009. The top rate dropped from $9.5 \%$ to $9.4 \%$. They were lowered again across the board on January 1, 2010; the top rate fell to $8.95 \%$.

(a) In addition to regular income taxes, many states impose other taxes on corporations such as gross receipts taxes and franchise taxes. Some states also impose an alternative minimum tax.
(b) There is an additional surcharge equal to the lesser of $21.99 \%$ of tax liability or \$6,000,000 and an .8\% gross reciepts tax.
(c) Businesses with entire net income greater than \$100K pay 9\% on all taxable income, companies with entire net income greater than $\$ 50 \mathrm{~K}$ and less than or equal to $\$ 100 \mathrm{~K}$ pay $7.5 \%$ on all taxable income, and companies with entire net income less than or equal to $\$ 50 \mathrm{~K}$ pay $6.5 \%$ on all taxable income.
(d) A tax on gross receipts, the commercial activity tax (CAT), was phased in from 2005 to 2009 while the corporate franchise tax (CFT, Ohio's corporate net income tax) was phased out. Beginning April 1, 2009, the CAT rate was fully phased in at $0.26 \%$. For tax year 2009 companies owe 20\% of CFT liability. For tax year 2010 and thereafter the CFT is fully phased out.
(e) The top income tax rate ( $7.9 \%$ on income over $\$ 250,000$ ) applies to tax years beginning on or after January 1, 2009, and before January 1, 2011.

|  |  |  |  |  |  |

Note: State rates only, except where noted. Some states permit counties or cities to levy local sales taxes; for an average of local rates in each state see table 16. In addition to sales taxes some states levy gross receipts taxes (GRTs). GRTs are collected at the firm level instead of at retail, and apply to a broad range of intermediate goods, unlike sales taxes which in principle should apply only to end products. Some states levy only a GRT, and some levy both a GRT and a sales tax.
(a) Three states levy a mandatory, statewide, "local" add-on. In California and Virginia it is $1 \%$, in Utah $1.25 \%$. The states exclude them when listing the state rates, but we include them.
(b) Arizona has no sales tax but does have a $5.6 \%$ GRT called the transaction privilege tax.
(c) Delaware has no sales tax but does have a GRT. Business and occupational gross receipts tax rates range from $0.096 \%$ to $1.92 \%$, depending on the business activity.
(d) Hawaii has no sales tax but does have a GRT. The rate varies depending on the business activity; it is $0.15 \%$ on insurance commissions, $0.5 \%$ on certain activities such as wholesaling, and $4 \%$ on most activities at the consumer level.
(e) Kentucky has a GRT called the limited liability entity tax (LLET) in addition to its $6 \%$ sales tax. Corporations pay the LLET, which is the lesser of $0.095 \%$ of gross receipts or $0.75 \%$ of gross profits. The tax phases in between $\$ 3$ million and $\$ 6$ million of gross receipts or profits. Minimum tax $\$ 175$.
(f) New Mexico has no sales tax but does have a GRT. The rate varies by municipality, with a minimum of $5.375 \%$.
(g) Ohio has a GRT that is levied in addition to its $5.5 \%$ sales tax. It is called the commercial activity tax (CAT). Firms with receipts over \$1 million pay the CAT; firms with receipts between \$150K and \$1 million pay a minimum tax of $\$ 150$. The rate increased to its final rate of $0.26 \%$ as of $4 / 1 / 2009$.
(h) Texas has a GRT that is levied in addition to its $6.25 \%$ sales tax. It is called the margins tax and the rate is $1 \%(.5 \%$ for retailers).
(i) Washington has a GRT in addition to its $6.5 \%$ sales tax. It is called the business and occupation tax and is levied at various rates. The major rates are $0.471 \%$ for retail sales, $0.484 \%$ for wholesale and manufacturing, and $1.5 \%$ for service and other activities.

| Mont. | 27.8¢ | 18 |  |  |  |

Note: The American Petroleum Institute (API) has developed a methodology for determining the average tax rate on a gallon of fuel. Rates may include any of the following: excise taxes, environmental fees, storage tank taxes, other fees or taxes, and general sales tax. In states where gasoline is subject to the general sales tax, or where the fuel tax is based on the average sale price, the average rate determined by API is sensitive to changes in the price of gasoline. States that fully or partially apply general sales taxes to gasoline: CA, CO, GA, IL, IN, MI, NY.

| Mo. | $0.87 \%$ | 23 | D.C. ${ }^{* *}$ | $0.43 \%$ | 47 |

* The figures in this table are for property taxes paid by households on owner-occupied housing. As a result, they exclude property taxes paid by businesses, renters, and others. All data come from the 2008 American Community Survey from the U.S. Census Bureau. "Median Property Taxes Paid on Homes" is the median real estate tax paid on owner-occupied housing units for that county.
The home value statistic used is the median value of owner-occupied housing units for that county. The income statistic used is the median household income for those households that are owneroccupied housing units.
** D.C.'s rank does not affect other states' ranks, but is included merely to show what rank D.C. would have if it were ranked.

| Mass. | 24.05\% | 41 | Va . | 48.89\% | 9 |
| Mich. | 46.60\% | 11 | Wash. | 33.34\% | 34 |
| Minn. | 33.68\% | 32 | W.Va. (a) (c) | (c) $61.33 \%$ | 2 |
| Mo. | 36.58\% | 27 | Wis. | 39.47\% | 21 |
| Mont. | 33.54\% | 33 | D.C. | 38.72\% | 23 |

* The implicit tax rate measures the tax revenue (profits) as a percentage of the value of the lottery ticket (prize money plus administrative costs). The implicit tax rate does not take into account federal or state income tax on winnings.
(a) Includes net VLT sales (Cash in less cash out).
(b) Include gross VLT sales (Cash in).
(c) States with video lottery terminals (VLT) do not all report lottery sales the same way; therefore, the figures for these states are not strictly comparable to other states with or without video lottery terminals and should be considered only estimates (see notes (a) and (b)).

## State Lottery Sales Per Capita, Fiscal Year 2008

| Sales <br> Per Capita (c) |  |  | Rank | State | Sales <br> Per <br> Capita (c) |  |  | Rank |
| :--- | ---: | ---: | :--- | ---: | ---: | :---: | :---: | :---: |
| U.S. | $\$ 199$ | - | Nebr. | $\$ 69$ | 40 |  |  |  |
| Ariz. | $\$ 74$ | 39 | N.H. | $\$ 198$ | 18 |  |  |  |
| Calif. | $\$ 84$ | 35 | N.J. | $\$ 293$ | 11 |  |  |  |
| Colo. | $\$ 103$ | 29 | N.M. | $\$ 74$ | 38 |  |  |  |
| Conn. | $\$ 286$ | 12 | N.Y. | $\$ 388$ | 7 |  |  |  |
| Del. (a) (c) | $\$ 846$ | 3 | N.C. | $\$ 118$ | 28 |  |  |  |
| Fla. | $\$ 227$ | 15 | N.D. | $\$ 35$ | 43 |  |  |  |
| Ga. | $\$ 366$ | 8 | Ohio | $\$ 202$ | 17 |  |  |  |
| Idaho | $\$ 90$ | 30 | Okla. | $\$ 56$ | 41 |  |  |  |
| III. | $\$ 162$ | 25 | Ore. (a) (c) | $\$ 331$ | 9 |  |  |  |
| Ind. | $\$ 129$ | 27 | Pa. | $\$ 246$ | 13 |  |  |  |
| lowa | $\$ 83$ | 36 | R.I. (b) | $\$ 2,275$ | 1 |  |  |  |
| Kans. | $\$ 85$ | 33 | S.C. | $\$ 222$ | 16 |  |  |  |
| Ky. | $\$ 182$ | 19 | S.D. (b) | $\$ 879$ | 2 |  |  |  |
| La. | $\$ 85$ | 34 | Tenn. | $\$ 172$ | 22 |  |  |  |
| Maine | $\$ 173$ | 21 | Tex. | $\$ 153$ | 26 |  |  |  |
| Md. | $\$ 296$ | 10 | Vt. | $\$ 164$ | 24 |  |  |  |
| Mass. | $\$ 722$ | 5 | Va. | $\$ 179$ | 20 |  |  |  |
| Mich. | $\$ 232$ | 14 | Wash. | $\$ 80$ | 37 |  |  |  |
| Minn. | $\$ 89$ | 31 | W.V. (a) (c) | $\$ 840$ | 4 |  |  |  |
| Mo. | $\$ 168$ | 23 | Wis. | $\$ 88$ | 32 |  |  |  |
| Mont. | $\$ 46$ | 42 | D.C. | $\$ 429$ | 6 |  |  |  |

(a) Includes net VLT sales (Cash in less cash out).
(b) Include gross VLT sales (Cash in).
(c) States with video lottery terminals (VLT) do not all report lottery sales the same way; therefore, the figures for these states are not strictly comparable to other states with or without video lottery terminals and should be considered only estimates (see notes (a) and (b)).

Note: See table 31 for average people per household by state.

| Income |  |  |  |  |
| State | Per Capita |  |  |  | Rank $\quad$ State | Per Capita |
| :---: | :---: | ---: | Rank

Note: See table 31 for average people per household by state.
Source: Tax Foundation Special Report, No. 163, "State-Local Tax Burdens Dip as Income Growth Outpaces Tax Growth." The income measure used adds the following to Bureau of Economic Analysis's personal income measure: capital gains realizations, pension and life insurance distributions, corporate income taxes paid, and taxes on production and imports less subsidies. It subtracts from personal income the fungible portion of Medicare and Medicaid, estimated Medicare benefits that are provided via supplementary contributions, initial contributions to pension income and life insurance from employers, and the annual investment income of life insurance carriers and pensions that is included in personal income.
