Dear Council President Torres,

In the spirit of cooperation and to assure proper communication between the City Council and City staff, I request that you, in cooperation with each subcommittee chair, notify the Mayor's Office of any requests of City staff to attend subcommittee meetings. To this end, I have directed David Panagore, Chief Operating Officer, to ensure proper coverage at all regular Council meetings; he will be responsible for working with you and the subcommittee chairs on this matter. In consideration of workloads, and/or personal family commitments, I do ask that you provide forty-eight hours notice of the meeting and the specific subject matter in order to assure availability and appropriate coverage.

Sincerely,
